therealRambo: ...

zoomzoombitc: ok so my brother finds me at mrs Byers house. Steve tries to intercept cuz he would kill me if he found me. then billy beats the shit out of Steve. he like broke a freaking plate over his head. It was nuts. Then it gets too bad and I had to put him to sleep with a spare sleeping needle? (Is that what they are?) hence me yelling at him about leaving me and my friends alone with one of Steve's baseball bats.

theClash: wowzA

wheeler: that took many different directions.

Dusty: you missed the part where Lucas was gonna get beat up by billy but Lucas kicked him in the nuts.

10. sorry guys

Hey loves! I've decided that I probably won't update this anymore. The characterization is shitty, especially Mike's. (I made it more Richie-esque, to be honest) You can, however, expect a remake! There will definitely be an IT one as well, and perhaps even a crossover between the two! I'm not deleting this all together, so don't worry if you want to read it over again.
